TOBIAS FISCHER

Summary

Growth oriented front-end developer with 4 years of programming experience and 1 year professional experience in being the sole front end developer for a project that will be used with a growing user-base of 35k+. Consistently recognised for my high and precise output for new front-end features as well as my contribution and leadership to the overall future of any project I am able to be a part of.

SELECT EXPERIENCE

Dubsado, Burbank CA – Software Engineer

2021 – PRESENT

- Was the sole front-end developer for the mvp of remaking the website into React (internal project with the eventual goal of client facing for the 35,000+ and growing users)
- Acted as the UI/UX designer throughout the process of developing the mvp to freshen the look and feel of the application
- Held an integral role in the planning and development of the application by setting syntax, style guide, tech stack, and development processes
- Wrote extensive documentation for the style guide and a quick start guide to the tech stack for onboarding of new developers

EDUCATION

Hack Reactor – Advanced Software Engineering Immersive

MARCH 2021 – JUNE 2021, REMOTE
