TOBIAS FISCHER

Summary

Growth-oriented front-end developer with 1 year professional experience working as the primary front-end developer for a project consisting of a user-base exceeding 25,000. Consistently recognized for high and precise output for new front-end features as well as my contribution and leadership to the overall future of any project I am a part of.

SELECT EXPERIENCE

Dubsado, Burbank CA — *Front-end Developer*

2021 - PRESENT

- Acted as the primary front-end developer within my team for a login/signup page used by a user base of 30k+
- Laid the groundwork for rewriting the existing application into React from angular
- Held an integral role in the planning and development of the application by setting syntax, style guide, tech stack, and development processes
- Wrote extensive documentation and tutorials for training new and existing employees
- Was the first-point-of-contact for front-end related issues throughout the codebase

EDUCATION

Hack Reactor — *Advanced Software Engineering Immersive*

MARCH 2021 - JUNE 2021, REMOTE

13-week software engineering immersive program with over 1000+ hours of coding. Full-Stack development with JavaScript, React, Express, PostgreSQL, MongoDB, and MySQL in an AGILE environment.

SKILLS

Front End: JavaScript, React/Redux, TypeScript, HTML/CSS, Styled Components, Storybook

Back End: Express, MySQL, MongoDB, Node.js, Python, Java, C++, GraphQL

Others: AWS, Jest, Git, Heroku, Firebase, Photoshop
